The guides seek to support, reassure and educate by setting out where possible general principles rather than tight prescription. In this way the Steering Group recognises that there is often more than one way of doing something and welcomes discussion of alternative approaches that add value to the way that the deer sector can ...

CUREC has approved best practice guidance documents for use by researchers. The use of best practice guidance is not mandatory - researchers should decide whether available guidance is relevant to their research. Some guidance documents are more suited to applications made to specific CUREC subcommittees, as indicated in the table below.

This Best Practice Guidance is a practical tool and is based on legislation and best available evidence. It has been developed in consultation with staff, service users, families and carers. It is one composite document that includes: • The Mental Health Act (2001) as amended, Statutory Instruments, Rules, Regulations and Codes of Practice.

**About the Best Practice Guidance - HSE.ie**  
The aim of this guide is to provide a basic introduction to venison butchery covering the primal breakdown of a venison carcass. Note that once a carcass is skinned, it is no longer a "primary product" but becomes venison and is subject to different legislation with respect to processing and supply.
