Confronted with negative publicity, executives become so focused on controlling public relations and managing the crisis that they lose sight of the fact that they are even in a negotiation. Here is some advice for negotiators dealing with an angry audience. Many public relations experts would argue that negotiations have no place in a crisis. Reveal as little as possible, they say, deny liability, and avoid all forums that could legitimize your adversaries views.

Dealing with an Angry Public

Dealing with an angry individual in public can be a difficult challenge; the severity of the situation depends upon the reason for the anger. The anger might be triggered by a small car accident or any other situation that the other found uncomfortable. The most effective way to deal with an angry individual is for you to stay as present as possible, keep breathing and let the person say what they want, letting everything out will help ease up the situation considerably.
