PEARSON HISTORY has been specifically developed and written for the Australian Curriculum. This series uses the inquiry process to underpin the study of History, providing full coverage of the two strands of historical skills and historical understanding and knowledge. PEARSON history encourages 'big picture' thinking enabling students and teachers to make connections with society and cultures both past and present.

Are you feeling a little rusty with your social studies content knowledge? This brief primer, Social Studies Content for Elementary and Middle School Teachers, Second Edition, is just what you need. It provides a helpful overview of both U.S. and world history, in addition to basic knowledge in geography, economics, and civics. The wide history coverage will allow you to see historical events in overall context, provides an overview for planning, and will help you answer student questions confidently. Geography, economics, and civics concepts are clearly explained, so the book will be helpful when used in writing lesson plans. Check out the resources lists that include relevant Websites, student literature, . major subject area organizations, museums, and U.S. government sites. Finally, an extensive index allows you to look up subjects and answers at a glance.

Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

This series of books has been specifically developed and written for the Australian curriculum. It uses the inquiry process to underpin the study of History, providing full coverage of the two strands of historical skills and historical understanding and knowledge. This series encourages "big picture" thinking enabling students and teachers to make connections with society and cultures both past and present.

PEARSON SCIENCE covers the three strands of Science Inquiry Skills, Science as a Human Endeavour and Science Understanding with both interactive multimedia and books to engage students and teachers.
