International Relations between the Two World Wars, 1919—

International relations is a wide-ranging subject that allows students to investigate and research the relationships between countries and governments. Sometimes it's called international studies, international affairs, or global studies, and it can be spread across a university's humanities and social science departments.

Study International Relations? Everything you need to know—

International relations, the study of the relations of states with each other and with international organizations and certain subnational entities (e.g., bureaucracies, political parties, and interest groups). It is related to a number of other academic disciplines, including political science,

International relations + politics + Britannica

Another way to explain this, and to explain the core of constructivism, is that the essence of international relations exists in the interactions between people. After all, states do not interact; it is agents of those states, such as politicians and diplomats, who interact.

International Relations Theory

In all cases, international relations is concerned with the relationships between political entities (polities) such as sovereign states, inter-governmental organizations (IGOs), international non-governmental organizations (INGOs), other non-governmental organizations (NGOs), and multinational corporations (MNCs), and the wider world-systems produced by this interaction.

International relations—Wikipedia

International relations define the requirements and limitations of cross-border trade, in terms of taxes, transportation routes, trade sanctions, materials that can and cannot be traded, etc. International relations also demonstrate to the rest of the world in which countries are powerhouses in certain industries, which other countries really need to rely on.

The Importance of International Relations + Synonym

You have an interest in specializing in a particular area of international relations, for example international security. You're interested in the interdisciplinary nature of the course. Typical politics specializations
