How to Survive Your Freshman Year (6th edition) is the perfect send-off gift for college-bound high school graduates. This revamped edition of America's #1 college advice guide includes new advice from hundreds of college students from around the country, alongside the best timeless advice from earlier editions. This ultimate "insider's guide" to college life helps entering freshmen navigate the challenging transition to college life. In addition, the book features expert advice from college advisers and administrators, mental health professionals and others.

Following the deaths of her brother and then her parents, Kelsey Bancroft put her life and dreams on hold. Three years later, Kelsey is still struggling financially to hold on to the last links she has to her family. She doesn't need or want any distractions, especially not any distractions named Drew McKenzie. At the age of ten, Kelsey fell in love and decided someday she'd marry Drew, her older brother's best friend. Although Kelsey long ago abandoned the silly fantasy, Drew has always occupied a special place in her heart. The day before Ian Bancroft lost his battle with cancer, star quarterback Drew McKenzie promised his best friend he'd look out for his younger sister. Until recently, he assumed his monthly phone calls to Kelsey were enough. Now that he knows differently, he's moved back to North Salem, determined help Kelsey whether she wants his assistance or not. But just how far will Drew go to keep a promise to his best friend? A Promise To Keep is the fifth book in USA Today Best Selling Author Christina Tetreault's Love On The North Shore Series. While it can easily be read as a standalone story, you'll likely enjoy reading the other books, too. Come and visit North Salem Today. The Courage To Love Hometown Love The Playboy Next Door In His Kiss A Promise To Keep When Love Strikes

Vocabulary items are presented and explained on left-hand pages with a variety of follow-up activities on right-hand pages.

National Bestseller A New York Times Notable Book Winner of the American Association for the Advancement of Science/Subaru Science Books & Film Prize for Excellence in Science Books Finalist for the National Book Critics Circle Award for Autobiography Finalist for the PEN/E.O. Wilson Literary Science Writing Award One of the Best Books of the Year: The Washington Post, TIME.com, NPR, Slate, Entertainment Weekly, Newsday, Minneapolis Star Tribune, Kirkus Reviews Geobiologist Hope Jahren has spent her life studying trees, flowers, seeds, and soil. Lab Girl is her revelatory treatise on plant life—but it is also a celebration of the lifelong curiosity, humility, and passion that drive every scientist. In these pages, Hope takes us back to her Minnesota childhood, where she spent hours in unfettered play in her father's college laboratory. She tells us how she found a sanctuary in science, learning to perform lab work "with both the heart and the hands." She introduces us to Bill, her brilliant, eccentric lab manager. And she extends the mantle of scientist to each one of her readers, inviting us to join her in observing and protecting our environment. Warm, luminous, compulsively readable, Lab Girl vividly demonstrates the mountains that we can move when love and work come together.

A Romulan Bird of Prey mysteriously drifts over the neutral zone and into Federation territory. Captain Kirk and the crew of the Enterprise investigate, only to find the ship dead in space. When Starfleet orders the derelict ship brought to Earth for examination, the Enterprise returns home with perhaps her greatest prize. But the Bird of Prey carries a dangerous cargo, a deadly force that is soon unleashed in the heart of the Federation. Suddenly, the only hope for the Federation's survival lies buried in the tortured memory of Commander Spock's protégé, a cadet named Saavik. Together, Spock and Saavik must return to the nightmare world of Saavik's birth -- a planet called Hellguard, to discover the secret behind the Romulans' most deadly threat of all...

If you're looking for a straightforward, practical, no-nonsense guide to scriptwriting that will hold your hand right the way through the process, read on! The Raindance Writers' Lab guides you through the tools that enable you to execute a strong treatment for a feature and be well on the way to the first draft of your script. Written by the creator of the Raindance Film Festival himself, Elliot Grove uses a hands-on approach to screenwriting based on his many years of experience teaching the subject for Raindance training. He uses step-by-step processes illustrated with diagrams and charts to lend a visual structure to the teaching. Techniques are related to real-life examples throughout, from low budget to blockbuster films. The Companion Website contains interviews with British writers and directors as well as a handy series of legal contracts, video clips and writing exercises. In this brand new 2nd edition, Grove expands on his story structure theory, as well as how to write for the internet and short films. The website also contains sample scripts and legal contracts, a writing exercise illustrated with a video clip, a folder full of useful hyperlinks for research, and a demo version of Final Draft screenwriting software.

There is a growing concern in relation to the problem of insufficient sleep, particularly in the United States. In the early 1990s a Congressionally mandated commission noted that insufficient sleep is a major contributor to catastrophic events, such as Chernobyl and the Exxon Valdez, as well as personal tragedies, such as automobile accidents. Adolescents appear to be among the most sleep-deprived populations in our society, though they are rarely included in sleep assessments. This book explores the genesis and development of sleep patterns in adolescents. It examines biological and cultural factors that influence sleep patterns, presents risks associated with lack of sleep, and reveals the effects of environmental factors such as work and school schedules on sleep. Adolescent Sleep Patterns will appeal to psychologists and sociologists of adolescence who have not yet considered the important role of sleep in the lives of our youth.
