Here at Push, we can't celebrate our differences enough. It's what makes us all so interesting, able to see the world in new, abstract ways to solve all sorts of problems, and to come together as strong, diverse teams. A world full of identical people with identical thoughts is, well, not worth thinking about.

"A tense, page-turning psychological drama about the making and breaking of a family, about a woman whose experience of motherhood is nothing at all what she hoped for--and everything she feared. Blythe Connor is determined that she will be the warm, comforting, supportive mother to her new baby Violet that she herself never had. But in the thick of motherhood's exhausting early days, Blythe becomes convinced that something is wrong with her daughter--Violet rejects her mother, screams uncontrollably, and becomes a disturbing, disruptive presence at her preschool. Or is it all in Blythe's head? Her husband, Fox, says she's imagining things. What he sees is an overwhelmed wife who can't cope with the day-to-day grind. The more Fox dismisses her fears, the more Blythe begins to question her own sanity, and the more we begin to question what Blythe is telling us about her life as well. Then their son Sam is born--and with him, Blythe has the natural, blissful connection she'd always imagined with her child. Even Violet seems to love her little brother. But when life as they know it is changed in an instant, the devastating fall-out forces Blythe to face the truth. Here, we see the making and breaking of a family in crystalline detail, and what it feels like when women are not believed. The Push is a tour de force you will read in a sitting, an utterly immersive pageturner that will challenge everything you think you know about motherhood, about our children, and about what happens behind the doors of even the most perfect-looking families. . This brief guidebook assists you in mastering the difficult concept of pushing electrons that is vital to your success in Organic Chemistry. With an investment of only 12 to 16 hours of self-study you can have a better understanding of how to write resonance structures and will become comfortable with bond-making and bond-breaking steps in organic mechanisms. A paper-on-pencil approach uses active involvement and repetition to teach you to properly push electrons to generate resonance structures and write organic mechanisms with a minimum of memorization. Compatible with any organic chemistry textbook. Important Notice: Media content referenced

#1 NEW YORK TIMES BESTSELLER #1 USA TODAY BESTSELLER #1 WALL STREET JOURNAL BESTSELLER #1 INDIE BESTSELLER "The Four Winds seems eerily prescient in 2021 . . . Its message is galvanizing and hopeful: We are a nation of scrappy survivors. We've been in dire straits before; we will be again. Hold your people close."—The New York Times "A spectacular tour de force that shines a spotlight on the indispensable but often overlooked role of Greatest Generation women."—People "Through one woman's survival during the harsh and haunting Dust Bowl, master storyteller, Kristin Hannah, reminds us that the human heart and our Earth are as tough, yet as fragile, as a change in the wind." —Delia Owens, author of *Where the Crawdads Sing* From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains. Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to life the Great Depression and the people who lived through it—the harsh realities that divided us as a nation and the enduring battle between the haves and the have-nots. A testament to hope, resilience, and the strength of the human spirit to survive adversity, *The Four Winds* is an indelible portrait of America and the American dream, as seen through the eyes of one indomitable woman whose courage and sacrifice will come to define a generation.

At some point, we resign ourselves to living by the scripts and rhythms established by other people. Perhaps it's a parent. Maybe it's a pastor or a boss or a teacher. Maybe it's a mortgage or wedding date or that next pay raise. Wherever the source, today there is an ocean full of people living on the life rafts of what they were expected to do. If we look at the mirror, we might see ourselves on that life raft as well. In this five-session video study (DVD/digital downloads sold separately), bestselling author Bob Goff dares to ask the questions: What would you do if opinion, reason, or probability were no objects? What do you deeply desire to do even if it scares you to the marrow of your bones? What were you meant to do even if no other person thinks you should? He shares stories from the Bible that show how God called certain individuals to follow him—regardless of their lack of "qualifications"—and how those people changed the world when they dared to follow God's dreams for their lives. In the same way, God is calling us to step into the version of our lives that he intended for us before others told us it was impossible and once again dream big. If anyone knows how to live life to the fullest, it is Bob Goff. He has already dazzled readers and audiences with his crazy, audacious, live-out-loud approach and stories told in *Love Does* and *Everybody, Always*. Yet as unique as Bob might seem, he had to make his own choice to dream big. In this study, he will take participants on this journey he has already traveled and help them to rediscover the dreams God has for them and turn them into reality. *Dream Big* will help group members understand that God has a plan for their lives and provide a step-by-step road map to breaking through the barriers that are holding them back. Designed for use with the *Dream Big* Video Study (sold separately).

Your Breakthrough Is Only a PUSH Away Today's world knows little about perseverance. This is why so few people become innovators, entrepreneurs, and world-changers. Success is bypassed, not due to a lack of opportunity, but because we don't know how to maximize the opportunities in front of us and PUSH - persevere until success happens. In her encouraging and dynamic style, Dr. Cindy Trimm inspires you to go for it. It is one thing to read about the lives of great achievers—it is another thing to join their ranks. Learn how to: • Carry your dreams, visions, and goals "full term" and to complete fulfillment • Exercise the power of faith to overcome the impossible and release God's supernatural purposes into your life • Resist the temptation to 'cave' under pressure and press on even when you don't feel like it anymore • Empower others to fulfill their divine destinies through co-laboring with them "If you dare to believe that God has something great in store for you to do, to accomplish, or to achieve, you must be prepared to persevere in spite of your hardship, setbacks, and challenges in order to realize your dreams and accomplish your goals. This book is written to give you that extra push." —Cindy Trimm
