If you're looking for a one-stop shop for automating your smart home routines, then Yonomi could be the answer. Offering a much richer array of controls than you'd get with HomeKit or Alexa, and with more ifs than IFTTT, Yonomi is a serious rival to Stringify – and a much easier one to use in our opinion. Essentially, Yonomi is a smart home hub that lives on your smartphone – both iOS and Android versions are available – where you can manage your smart home devices, getting them synced ...
