MICHAEL LEYDEN leads St Mellitus College North-West. Faithful Living provides compelling evidence of the quality of his teaching. His students are fortunate. This book shows how doctrine has practical application in living the Christian life. Leyden examines how the Nicene Creed is intellectually and spiritually nourishing, and also ethically formative: so much, so obvious, perhaps — except that a dissonance between Christian faith and practice has become observable.

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

Responding to the call of the Second Vatican Council, this introduction to moral theology shows how virtue ethics and a global perspective shape the call to faithful discipleship today.

Written in a style accessible to non-specialists, this book provides teachers, pastors, counselors, and general readers with an ideal introduction to Christian ethics. It renews the topic of Christian ethics by showing readers that faithful moral living i

Happiness and the Christian Moral Life introduces students to Christian ethics through the lens of happiness. The book suggests that the heart of ethics is not rules and obligations but our deep desire for happiness and fulfillment. We achieve

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

that happiness when we become people who love the good and seek it in everything we do. The third edition of this reader-friendly text has been revised and updated throughout. It introduces Christian ethics with sensitivity towards readers who may not be Christian themselves. After an overview of basic concepts and key thinkers such as Augustine and Thomas Aquinas, subsequent chapters explore the importance of narrative in Christian ethics, the place of friendship and community in Christian moral life, the role of virtues in our quest for fulfillment, a Christian understanding of the person, a Christian theology of freedom, and false steps on the path to happiness. Final chapters discuss the role of conscience and prudence, love, and justice. The third edition has been re-structured to better meet

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

teaching needs by moving the discussion of narrative earlier in the book. This edition features fresh, global examples; revised introductions to key thinkers; discussions of tough, contemporary topics such as hook-up culture; careful consideration of the words of Pope Francis on themes ranging from consumerism and freedom to love and the environment; and more.

An introduction to Christian ethics explores ethics as a path to happiness as opposed to a set of strict rules, addressing the topics of friendship, community, conscience, prudence, virtue, and love.

Pope John Paul II proclaims a sense of urgency in

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

challenging moral darkness with the light of truth.

To take a journey, travelers must know where they are, where they are going, and how to get there. Moral theology examines the same three truths. The Christian Moral Life is a handbook for moral theology that uses the theme of a journey to explain its key ethical concepts. First, humans begin with their creation in the image of God. Secondly, the goal of the journey is explained as a loving union with God, to achieve a share in his eternal happiness. Third and finally, the majority of the book examines how to attain this goal. Within the journey motif, the book covers the moral principles essential for attaining true happiness. Based on an examination of the moral methodology in the bible, the book discusses the

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

importance of participating in divine nature through grace in order to attain eternal happiness. It further notes the role of law, virtue, and the gifts of the Holy Spirit in guiding and transforming humans into friends of God, who participate in his happiness. Following this section on moral theology in general, the book analyzes the individual virtues to give more concrete guidance. The entire project builds upon the insights of great Christian thinkers, such as Thomas Aquinas, Thérèse of Lisieux, and John Paul II, to uncover the moral wisdom in scripture and to show people how to be truly happy both in this life and the next. This book will be of great interest to undergraduate students of moral theology, priests and seminarians, parents and teachers seeking to raise and to form happy children, and anyone interested in discovering the

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology In Global Perspective meaning of true happiness.

Our culture is not only sex-crazed but also deeply confused about sex and sexual ethics. Unfortunately, Christians seem equally confused, and the church has tended to respond with simplistic answers. The reason for this confusion is that the meaning of sex has been largely lost. Dennis Hollinger argues that there is indeed a God-given meaning to sex. This meaning, found in the Christian worldview, provides a framework for a biblical sexual ethic that adequately addresses the many contemporary moral issues. The Meaning of Sex provides a good balance between accessible theology and engaging discussion of the practical issues Christians are facing, including premarital sex, sex within

marriage, homosexuality, reproductive technologies, and faithful living in a sex-obsessed world.

Christianity is in a state of moral crisis. Even though people make moral decisions every day, many Christians lack both the ability to evaluate these decisions and a community of discipleship to help inspire a morally faithful life. Compared to the people around them, there is often no discernible difference in how Christians go about making moral choices. As a biblical and practical theologian with three decades of pastoral experience, who has also spent years teaching ethics to undergraduates, Gary Tyra approaches the topic with the practical goal of facilitating moral formation and encouraging an "everyday" moral faithfulness. Tyra argues

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

that Christians can have confidence in their Christ-centered, Spirit-enabled ability to discern and do the will of God in any moral situation. Moral faithfulness follows from a life of Christian discipleship. In an age of moral apathy and theological confusion, Pursuing Moral Faithfulness is a breath of fresh air and a sign of hope for the future.

In response to the moralism and relativism that characterize the present age, Gary Tyra presents an evangelical ethic for "everyday" moral faithfulness, arguing that Christians can have confidence in their Christ-centered, Spirit-enabled ability to discern and do the will of God in any moral situation.

An important examination of the theological, spiritual and

Get Free The Christian Moral Life Faithful Discipleship For A Global Society Theology

ethical issues surrounding death. What do faithful living and faithful dying mean as we near life's end? With all the technology and choices available to us today, making decisions about the end of life grows ever more difficult. As a result of all the theological and ethical issues that have arisen around the dying process in recent years, the 72nd General Convention of the Episcopal Church created a task force to study and report on these concerns. This is the report of the End-of-Life Task Force. In it, the Task Force responds to the broad range of theological, ethical, pastoral and policy issues that are generated by the need to provide loving and fitting care at the end of life. Intended as a teaching document, Faithful Living, Faithful Dying will be useful as a discussion tool for the church, for individuals facing difficult decisions, for
