Exclusive Bay Area and San Francisco breaking news, sports, tech, and food and wine coverage, plus enhanced coverage of Giants, 49ers and Warriors

But when he arrived at Cambridge he was a convicted thief, an addict, and a failed suicide, convinced that he would be expelled. Instead, university life offered him love and the chance to entertain. He befriended bright young things like Hugh Laurie, now the star of *House*, and Emma Thompson. This is the hilarious and utterly compelling story of how the Stephen the world knows (or thinks it knows) took his first steps in the worlds of theater, radio, television, and film. Tales of scandal and champagne jostle with insights into hard-earned stardom. *The Fry Chronicles* is not afraid to confront the chasm that separates public image from private feeling, and it is marvelously rich in trademark wit and verbal brilliance.

The popular actor, comedian, and writer traces his unlikely Cambridge education, his relationships with such contemporaries as Hugh Laurie and Emma Thompson, and his hedonistic rise to stardom.

The *Fry Chronicles* eBook is an enhanced digital title containing exclusive video material viewable on colour devices, such as the iPad, and fully integrated photography. With seven videos, links to relevant websites and web content, this enhanced eBook will bring an enriched reading experience to fans of Stephen Fry and eBook lovers everywhere. Please note that this is a large file which will take some time to download over slower connections. Thirteen years ago, *Moab is my Washpot*, Stephen Fry's autobiography of his early years, was published to rave reviews and was a huge bestseller. In those thirteen years since, Stephen Fry has moved into a completely new stratosphere, both as a public figure, and a private man. Now he is not just a multi-award-winning comedian and actor, but also an author, director and presenter. In January 2010, he was awarded the Special Recognition Award at the National Television Awards. Much loved by the public and his peers, Stephen Fry is one of the most influential cultural forces in the country. This dazzling memoir promises to be a courageously frank, honest and poignant read. It will detail some of the most turbulent and least well known years of his life with writing that will excite you, make you laugh uproariously, move you, inform you and, above all, surprise you.

I am English. Tweedy. Pukka. Confident. Establishment. Self-assured. In charge. That is how people like to see me, be the truth never so at variance. In fact, I am chronically overmastered by a sense of failure, underachievement and a terrible knowledge that I have betrayed, abused or neglected the talents that nature bestowed upon me . . .' Stephen Fry arrived at Cambridge on probation- a convicted fraudster and thief, an addict, liar, fantasist and failed suicide, convinced that at any moment he would be found out and flung away. Instead, university life offered him love, romance and the chance to stand on a stage and entertain. This memoir is one of the boldest, bravest, most revealing and heartfelt accounts of a man's formative years that you will ever have the exquisite pleasure of reading.

The British author and actor shares his own entertaining gay coming-of-age story, from his tumultuous youth, to the teenage love affair with a fellow schoolboy that had a profound impact on his life, to the attempted suicide, delinquency, and madness that followed. 20,000 first printing.

By his early thirties, Stephen Fry—writer, comedian, star of stage and screen—had, as they say, “made it.” Much loved on British television, author of a critically acclaimed and bestselling first novel, with a glamorous and glittering cast of friends, he had more work than was perhaps good for him. As the '80s drew to a close, he began to burn the candle at both ends. Writing and recording by day, and haunting a neverending series of celebrity parties, drinking dens, and poker games by night, he was a high functioning addict. He was so busy, so distracted by the high life, that he could hardly see the inevitable, headlong tumble that must surely follow . . . Filled with raw, electric extracts from his diaries of the time, *More Fool Me* is a brilliant, eloquent account by a man driven to create and to entertain—revealing a side to him he has long kept hidden.

An “outrageously hilarious” novel about a young man who has trouble with the truth (*The Boston Globe*). Adrian Healey loves to lie. He does it all the time. Every minute, every moment. And worse, he does it wonderfully, imaginatively, brilliantly. He lies to buck the system, to express his contempt for convention, but mostly because he just plain likes to. It's fun. He invents a lost pornographic novel by Charles Dickens, and, for himself, a career as a Piccadilly rent boy, hireable by the hour. But Adrian's lies eventually bring true danger, as he finds himself caught up in the machinations of a shadowy network that puts his own life at risk, in this “clever and entertaining novel that will appeal to Anglophiles with a twisted sense of humor” (*Library Journal*).

This “terrific” novel of alternate history asks: What if Hitler had never been born? (*The Washington Post*). Michael Young is a graduate student at Cambridge who is completing his dissertation on the early life of Adolf Hitler. Leo Zuckermann is an aging German physicist haunted by the Holocaust. Together, they idealistically embark on an experiment to change the course of history. And with their success is launched a brave new world that is in some ways better than ours—but in most ways even worse.

This first ever, officially authorised biography of Fry & Laurie takes us on their journey from insecure Footlighters to international comedy heroes. It is the tale of a true friendship, a deep affection between two very funny men which has long been reflected back from an adoring public. Jem Roberts, acclaimed chronicler of *Blackadder* and *The Hitchhiker's Guide to the Galaxy*, covers everything from the excitement of being the first Perrier Award winners with *The Cellar Tapes* to the terrors of performing on *Saturday Live*, the collaborative warfare of *Blackadder* and the ultimate depiction of Wodehouse's most inimitable characters, Jeeves & Wooster. Beyond this, the trials and tribulations of their remarkable subsequent separate career paths, from *QI* to *House*, will be explored for the first time. With tantalising, never-before-seen titbits from the *A Bit of Fry & Laurie* archive, and interviews with Emma Thompson, Richard Curtis, John Lloyd and more, this history of Fry & Laurie is an overdue celebration, paying tribute to a legacy of laughter from one of the funniest double acts of all time.
