## **And Self Guilt And Self Doubt**

The Power of Negative Emotion starts by looking at which emotions we think of as negative (primarily anger, sadness, and anxiety), and how different societies view them in different ways. It explains why they can be seen as natural responses to normal events, and how suppressing them is not always desirable or healthy.

Us. Negative emotions warn us of threats or challenges that we may need to deal with. For example, fear can alert us to possible danger. It's a signal that we might need to protect ourselves. Angry feelings warn us that someone is stepping on our toes, crossing a boundary, or violating our trust. Anger can be a signal that we might need to act on our own behalf. Negative emotions focus our awareness.
