1997 (P) Triumph Thunderbird 900 with only 11759 miles recorded on the clock.

Long MOT, not due til 31st August 2021.

Lovely looking bike, especially for the year.

The iconic Hinckley Triple motor sounds great and has plenty of character to go with.

The claimed 82 horsepower seems to be about right. This puts the T-Bird Sport at the near side of the sport bike world in terms of power, and the 17" wheels, Avon radial tires and premium suspension components fitted to the Sport are not going to get in the way of a quick rider. This motorcycle behaves very much like a sport bike.

Thunderbird 900 Production Years: 1994 to 2003 A massively over-engineered torquey retro triple that takes its looks from the classic era, but its performance and reliability from the modern era. It was styled to create the look of an air-cooled triple, but the radiator gives away its liquid cooled heart.
