3.5 stars. Wildfire at Midnight was mostly a good read. It was just over two hundred pages but it felt longer than that, mainly because of all the description and some of the back and forth dialog that went nowhere. While I don't always mind the description in Mary Stewart's books, I did find it rather boring at times in this one.

Having read most of Mary Stewart's novels, and thoroughly enjoyed them all, I would rank *Wildfire* as one of her best. Set in the beautiful Isle of Skye, the author's descriptions make this northern Inner Hebrides island come alive in the reader's mind. One can almost imagine one is there and it certainly becomes a place one would like to visit.

Wildfire at Midnight – Mary Queen of Plots

Mary Stewart was born in England but died in Scotland, and her knowledge of the Highlands and particularly of Skye, the book's setting, is apparent. I do not fish and have never climbed and never thought I'd be interested in either sport. In *Wildfire at Midnight*, the heroine Gianetta or most commonly called Janet, is much the same.
